# SterileMax™ Steam

SterileMax

Easy-to-read LCD display

Triple door lock ensures safety

Largest Portable Laboratory Model Available!

- Four preset cycle programs
- Largest bench top sterilizer chamber available
- ☆ *24 Month Warranty*

Product Description

- Largest bench top sterilizer chamber available - accommodates three 2 liter Erlenmeyer flasks.
- Non-recirculation option ensures debris and contaminants are not recycled through the sterilizer keeping the unit running longer with less cleaning.
- Four present cycle progams allow one touch operaiton for liquids, wrapped goods, unwrapped goods and packs.
- Three locks on chamber door ensure your safety. Door will not open until chamber is deprssurized.
- The 12" x 18" (30.4 x 45.7 cm) chamber contains removable racks and trays for smaller loads and other unique sterilization requirements. Remove racks for easy cleaning.
- Easy-to-read LCD display lets you view sterilization and diagnostic programs and displays all aspects of cycle for quick visual verification.
- Three locks on chamber door ensure your safety. Door will not open until chamber is depressurized.
- The SterileMax is ASME, UL, CE and CUL approved. Built to AAMI - ST-55 specifications.
- Independent validation testing* for sterility, accuracy and verification of all programs. Meets all current requirements for tabletop sterilizers. *Testing completed by Biotest Laboratories, Minneapolis, MN.

Operation

CE

- Custom programs can be set for liquids or other hard goods.
- Built-in water pump maintains consistent water supply and accurate steam for every cycle.
- To regularly test sterilization performance, an access port is built into the SterileMax for easy and safe verification of temperature and pressures.
- LCD will display faults to indicate when sterilization parameters has not been reached in the chamber.

PRODUCT SPECIFICATIONS

Overall Dimensions (W x H x D)	22.5" x 24.5" x 17" (56.9 x 62.2 x 43.2 cm)	Fixed Cycle Parameters	Liquids: 15 min. @ 121°C Unwrapped: 3 min. @ 135°C Wrapped: 10 min. @ 135°C Packs: 30 min. @ 121°C
Chamber Dimensions	12" diameter 18" depth (30.4 x 45.7 cm)		
Chamber Capacity	1.2 cubic feet (34 ℓ)		Optional Cycle Parameters: 1-99 min. @ 100°C - 136°C
Heater Wattage	1500 W		
Shipping Weight	132 lb. (59.9 kg)		Accessories Included: Rack, 1 Large Tray, 1 Small Tray
Operating Weight	85 lb. (38.5 kg)
