

Troemner Special & Custom Weights

Meeting your special weight needs is a Troemner specialty. We can custom make precisely the weight you need:

- **any size** – from 50 micrograms to 5,000 kilograms.
- **any denomination** – metric, avoirdupois, troy ounce, grain, pennyweight, carat, other standards- or even custom units.
- **any material** – including stainless steel, brass, aluminum, nichrome, cast iron, steel, gold, silver, titanium and more.
- **any shape** – slotted, hook, bar, cylindrical, flat, dish, cube.
- **any tolerance** – including all ANSI/ASTM, NIST, OIML classes- or special tolerances such as Troemner UltraClassSM or a customer-designed tolerance.

**Contact us for
a no-obligation
quotation on
your special
and/or custom
weight needs.**

An ISO 9001 registered company, Troemner is the nation's leading manufacturer of precision weights and mass standards. Our state-of-the-technology metrology laboratories are built to specifications recommended by the NIST-administered National Voluntary Laboratory Accreditation Program (NVLAP). These labs are fully accredited by NVLAP and the internationally recognized United Kingdom Accreditation Service (UKAS).
