# POLAR WARE® THE CONFIDENT CHOICE

Since 1907, Polar Ware has been providing professionals like you with the highest quality cooking and serving ware available. One of the first companies to manufacture deep drawn stainless steel products in 1926, Polar Ware combines the caring and pride of personal workmanship with the most advanced production processes to assure quality, satisfaction and value.

From stainless steel to aluminum, we offer an extensive selection of durable, high performance cooking and serving ware, making Polar Ware the one-stop solution for the most demanding food service professional.

It takes good service to satisfy customers in our business—as well as yours. That's why when you call Polar Ware, you'll talk directly to a friendly, helpful Customer Service Representative who will respond to your needs promptly—assisting with your order, checking on the status of your delivery or answering any questions you might have.

Rely on their knowledge and experience to help you find the right products, in the right sizes, for your needs. Then, they'll see to it that you have your order when you need it.

Don't need personal assistance? You can conveniently fax us your order at 920-458-2205. Check out our latest catalog online at [www.polarware.com](http://www.polarware.com).

Have a suggestion on how we may serve you better? We'd love to hear from you.

# CLASSIC STEAM TABLE PANS

Polar Ware Classic Anti-Jam Steam Table Pans have the cleanest design in the market. All pans are manufactured in the United States with stainless steel produced in U.S. steel mills for consistent quality in 20, 22 and 24 gauge. The distinctive corner shoulder of our original anti-jam steam table pan design not only prevents jamming, but also makes them easy to stack. No creased corner flange and no shoulder around the pan wall perimeter make it easy to clean and less susceptible to contamination.

# STANDARD WEIGHT ANTI-JAM PANS

- Constructed of durable, easy-to-clean 18/8, type 304 stainless steel
- Anti-jam pan design not only prevents jamming, but also makes pans easy to stack
- No corner flange or shoulder around the pan wall to collect food and bacteria - easier to clean and less susceptible to contamination

# COOKWARE/BAKEWARE

Our Stainless Steel Brew Pots are a "must" for every micro/home brewer. Two threaded access holes are provided: one houses a ball valve and the other can house an optional thermometer (0° - 250°F, in 2° increments). If the thermometer is not needed, the hole comes neatly plugged. Brew pots include a cover and brass ball valve.

## BREW POTS & ACCESSORY PIECES

# YUKON SINKS™

# YUKON™ SINKS

Yukon Sinks are made with the same care and high quality that goes into our cooking and serving pieces. They are built and designed to withstand the vigorous use in the commercial/professional kitchen. Your staff will appreciate the liberal radius in our sink bowl corners and the no-drip sink counter tops. All of these features make these sinks easy to maintain. Component sink parts are readily available.

## WALL-MOUNT HAND SINKS

- Heavy weight 20 gauge stainless steel
- Bowls are deep drawn from one piece of heavy gauge stainless steel
- Liberal radius in sink bowl corners
- High back splash for easy maintenance
- Mounting bracket included

*Only sink bowl is manufactured to NSF, CSA & IAPMO standards. Components and accessories are not.*
